

Section V — Reactivity Data

Stability	Unstable		Conditions to Avoid
	Stable	XXX	None known

Incompatibility (Materials to Avoid)

None known

Hazardous Decomposition or Byproducts

None known

Hazardous Polymerization	May Occur		Conditions to Avoid
	Will Not Occur	XXX	None known

Section VI — Health Hazard Data

Route(s) of Entry:	Inhalation?	Skin?	Ingestion?
	Yes	No	No

Health Hazards (Acute and Chronic)

Mechanical eye and skin irritation is possible, but not likely. Prolonged exposures to excessive quantities of dust can result in lung damage.

Carcinogenicity:	NTP?	IARC Monographs?	OSHA Regulated?
	No	No	No

Signs and Symptoms of Exposure

Inhalation of high concentrations may cause mechanical irritation and discomfort. Repeated over-exposure can cause chronic effects.

Medical Conditions

Generally Aggravated by Exposure Excessive exposure to any dust may aggravate pre-existing respiratory conditions.

Emergency and First Aid Procedures

Eyes: flush with plenty of flowing water. Get medical attention if irritation persists.

Skin: Wash off with water. Inhalation: Remove to fresh air. Ingestion: Unlikely to cause effects

Section VII — Precautions for Safe Handling and Use

Steps to Be Taken in Case Material is Released or Spilled

Not a RCRA waste. Use vacuum to clean up spillage. If appropriate, use gentle water spray to wet down in order to minimize dust generation. Dispose of according to state and local regulations.

Waste Disposal Method

Follow state and local regulations.

Precautions to Be Taken in Handling and Storing

Avoid generating dust. Use respiratory protection in the absence of adequate engineering controls.

Keep containers closed when not in use. Clean up spills promptly

Other Precautions

None known

Section VIII — Control Measures

Respiratory Protection (Specify Type)

NIOSH-certified for dusts

Ventilation	Local Exhaust	Special
	Mechanical (General)	
	Yes	No
	No	Other
		No

Protective Gloves

Yes

Other Protective Clothing or Equipment

None needed

Work Hygienic Practices

Avoid generating dust.
