

Miracle<sup>®</sup> Bubbles  
Product Specifications MSDS  
April 24, 2007

Ingredient Statement

Miracle<sup>®</sup> Bubbles contain, in descending order of prominence:

- Water
- Norfox 1007p (proprietary surfactant blend manufactured exclusively for Imperial)
- Cellosize<sup>™</sup> Hydroxyethyl Cellulose QP-100 MH (CAS 9004-62-0)
- Citric Acid Anhydrous (CAS 77-92-9)

No fragrance is added to this formula. Bubbles are safe and harmless. Should irritation occur, simply rinse with water. Should bubble solution spill, simply rinse with water – no staining should occur.

Conformance Standards

Miracle<sup>®</sup> Bubbles confirm to Safety Labeling Requirements as found in the applicable sections of ASTM F 963.5, et al. In addition, Producer's Markings and Country of Origin markings are clearly labeled in accordance with ASTM F 963.7 et al.

Cleanliness Testing

Miracle<sup>®</sup> Bubbles are tested for potability and cleanliness.

Physical Properties

Appearance: Odorless and clear in color

Ph: 8.7

Viscosity: Brookfield LV Spindle #1 @ 60 RPM = 122 CPS

Specific Gravity: 0.998

Density (g/cc): 1.1738 g/ml

Solid Content (% by weight): 2.8%

HMIS – 1 (Slight)

NFPA – Level 0

<u>Bottle Size</u>	<u>Wand Dimensions</u>
2 oz	L = 3.375
4 oz	L = 3.75
8 oz	L = 5.125
16 oz	L = 6.75
64 oz	L = 10.75
100 oz	L = 10.75
