

Sanford Corporation
2711 Washington Boulevard
Bellwood, IL 60104

Telephone Number: 1-800-323-0749
Initiated By: Susan Nyborg
Date of Last Revision: September 24, 2001
Medical Emergency No: 1-800-228-5635

Section One: Product Identification

Product Name: Liquid Paper Correction Fluid Thinner
Colors: None
Includes: Correction Fluid Thinner, CFTH-2-0

Section Two: Composition

Solvent naphtha (64742-89-8), mustard oil (57-06-7)

Section Three: Physical and Chemical Characteristics

For product unless otherwise indicated:

Boiling Point: 209 - 230°F
Vapor Pressure (mm Hg): 124 mm Hg at 100°F
Specific Gravity: 0.75
Solubility in Water: Negligible
Appearance and Odor: Light colored liquid; hydrocarbon odor
Evaporation Rate: Not determined

Section Four: Fire and Explosion Hazard Data

Flash Point (Method Used): 20°F (SPCC)
Flammability Limits (% by volume): Lower: 1% Upper: 8%
Extinguishing Medium: Water fog, foam, dry chemical, carbon dioxide. Do not use a direct stream of water.
Special Fire Fighting Procedures: Use full protective gear including a positive pressure NIOSH approved self-contained breathing apparatus. Cool fire exposed containers with water.
Unusual Fire and Explosion Hazards: Flammable. Containers exposed to intense heat should be cooled to prevent vapor pressure buildup, which could result in container rupture.

Section Five: Reactivity Data

Stability:	Stable
Conditions to Avoid:	Avoid heat, sparks, and open flames.
Chemical Incompatibility:	Strong oxidizers
Hazardous Decomposition:	Carbon monoxide and other organic compounds may be released in a fire.
Hazardous Polymerization:	Will not occur.

Section Six: Health Hazard Data

Chemicals Listed as Carcinogens or Potential Carcinogen:

IARC Monographs:	No
National Toxicology Program:	No
OSHA Regulated:	No

Routes of entry: Inhalation – Remove to fresh air. Skin – Flush with plenty of water. If irritation persists, consult a physician. Eyes – Flush with plenty of water for fifteen (15) minutes. If irritation persists, consult a physician. Ingestion – Do not induce vomiting. Get medical attention.

Avoid prolong or repeated breathing of vapors. Note to physician: Contains solvent naphtha which will cause chemical pneumonitis if aspirated.

ORM-D Consumer Commodity

Section Seven: Precautions for Safe Handling and Use

Steps to Be Taken in Case Material Is Released or Spill:	Wipe up with absorbent material.
Waste Disposal Method:	Discard in accordance with Federal, State, and Local Regulations.
Precautions to Be Taken in Handling and Storage:	In large quantities, store in a cool, dry place. Keep out of reach of children.
Other Precautions:	Product is flammable.

Section Eight: Personal Protection and Exposure Control Measures

Eye Protection:	None under normal use conditions.
Skin Protection:	None under normal use conditions.
Respiratory Protection:	None under normal use conditions.
Ventilation:	Use in a well-ventilated area.
Protective Clothing:	None under normal use conditions.

HMIS Code	
Health	3
Flammability	3
Reactivity	0
Personal Protection	N/A

Sanford Corporation has been advised by council that the OSHA Hazard Communication Standard does not apply to the Sanford product described in this MSDS. The reason for the exemption is contained in 29 CFR 1910.1200 (b)(6)(ix), as amended July 1, 1994, per the Code of Federal Regulations. The information contained in this MSDS is forwarded to you for your information, but is not meant to imply that the product is covered by the Hazard Communication Standard, nor is the MSDS meant to comply with all the requirements of the Hazard Communication Standard.

0 = Minimal / 4 = Severe Hazard
