Attention: Karen Romano

We are pleased to inform you that SPENCO® 2ND SKIN® Products do not require  
Material Safety Data Sheets.

These products are "articles" as defined in the OSHA regulations {29 CFR 1910.1200 section (c)}. Further, these articles do not release or otherwise result in exposure to hazardous chemicals under the conditions of intended use. The Hazard Communications Standard does not apply to such articles {as stated in section (b), subsection(5)}. Thus, Material Safety Data Sheets are not required.

If you should require additional information, I will be happy to try to provide it.

Thank you for your interest in Spenco products.

Sincerely,

A handwritten signature in cursive script that reads "Dixie Webster".
